WANTED—An experienced office worker, must be neat.

Sweet potatoes staging a comeback in Bulloch county

Sweet potatoes may become a big money crop for Bulloch county again, if present indications are any trend.

A. S. Hunnicutt is starting a machine on September 15 that will grade, wash, and wax 250 bushels of sweet potatoes per hour. He has some 32 acres planted this year to start with.

Mr. Hunnicutt plans to put a first-class product on the market, having the graded and inspected and probably under a trade name.

R. C. Hall has a curing house and will run about 1,000 bushels through it again this year.

N. J. Cox and Robert have good acreage again this year and plan to sell green. Others with known acreage in the county are: J. W. Wynn, Johnny Durre, and Embree Hunnicutt.

Mr. and Mrs. G. O. Rudolph formerly of Savannah have moved to Statesboro and are making their home on North Main street. Mr. Rudolph is with the Wear-Ever Company.

Nutritionists say it's not necessary to add water to powdered milk before using it in baking. Combine dry milk with other dry ingredients and add the water as you would milk.

Home improvement specialists say that a curtain rack makes a handy shoe rack. Tack it on the closet door, and hang the shoes from their heels on it.

Nutritionists warn that when children's diets are inadequate the nutrients most likely short are calcium, vitamin C, and vitamin A. They need more milk, citrus fruit, tomatoes, green and yellow vegetables.

Mobile tires; or even on the shoe. Within a period of four or five years it is hoped that resistant varieties will be available to replace those killed by this disease.

Right now—right today—you can step up to a big, new, dependable Dodge for the kind of money you would expect to pay for a smaller car with less power, less roomy comfort, less dash and style.

You will get top allowance on your present car. You will get all the great qualities that make Dodge the Action Car of the year—and get them for lower down payment and lower monthly payments than you thought possible.

Now is the time to come in and find out how much more Dodge offers—at a trade-in price that saves you money.

Prove it! You will get top allowance on your present car. You will get all the great qualities that make Dodge the Action Car of the year—and get them for lower down payment and lower monthly payments than you thought possible.

Now is the time to come in and find out how much more Dodge offers—at a trade-in price that saves you money.

THE BULLOCH HERALD

Dedicated To The Progress Of Statesboro And Bulloch County

STATESBORO, GEORGIA, THURSDAY, SEPTEMBER 17, 1953

Chamber of Commerce now making labor survey for prospective industry

T. J. Morris, president of the Bulloch County Development Corporation, revealed this week that a well known manufacturer in the electronics industry is considering establishing a plant in Statesboro, and that a final decision will rest on the outcome of a labor survey which is now being conducted.

The Statesboro and Bulloch County Chamber of Commerce is conducting a labor survey, and a representative will meet applicants in Statesboro, Tuesday, September 22, in Swainsboro, Wednesday, September 23; Claxton, Thursday, September 24; and in Pembroke, Friday, September 25. The representatives will be at the court house in each of the towns from 9:30 a. m. to 3 p. m. on the designated day.

Mr. Morris stated that letters and questionnaires are being mailed to boxholders in Bulloch county and surrounding counties in the trench and compressed into the bottom, then covered with about two feet of dirt which is also compressed. This process is repeated until the ditch is filled.

DOWN HERE is a public Community Center on Fair Road. Attending the demonstration were officials from central Georgia. Local officials at the demonstration were Dr. W. D. Lundquist, commissioner of health of Bulloch County, Jack Whelchel, public health engineer and city councilman A. B. McDougald. A bulldozer digs a wide trench. Garbage is dumped in the trench and compressed into the bottom, then covered with about two feet of dirt which is also compressed. This process is repeated until the ditch is filled.

Congressman Preston Revival begins

Representative Preston's revival begins at First Baptist Church on Oct. 4

The annual Fall Revival at the First Baptist Church of Statesboro will begin Monday, September 28, and continue through Sunday, October 4 with Rev. Earl Stallings, pastor of the First Baptist Church of Ocala, Florida as the guest preacher.

Preparations for the revival are now in progress with visitations by adult members of the church being conducted throughout the city. For the past two Tuesday evenings these visitations have been conducted and another evening of visiting is planned for next Tuesday, September 29.

The first church service will be held Tuesday evening from 7 to 9 p. m. The church is having a one hour radio program over WWNS.

Rev. Stallings, the visiting evangelist, is a former pastor of the First Church of Chattanooga, Tennessee and is a former president of the Tennessee Baptist Convention. Services will be held twice daily beginning Monday, September 28.

Dr. Lundquist to attend U. of N. C.

W. D. Lundquist, Bulloch County Health Commissioner, left Statesboro this week on a leave of absence to attend the graduate school of the University of North Carolina at Chapel Hill. He is one of two doctors in the county to receive this scholarship.

Miss Thelma Aaron, nurse on the health department staff, will also attend the University of North Carolina School of Public Health Nursing.

Both were granted a year's leave of absence by the Bulloch County Board of Commissioners.

STATE THEATRE GETS NEW EQUIPMENT

Hal Macon announced this week that the equipment of the State Theatre on West Main has been completely replaced, now sound equipment, new lighting, and new first run pictures and that with the new equipment it makes it modern in every way.

They had twelve children including Elizabeth, Solomon, Barbara, Alexander, Sarah, William, Mary, John, Hugh, Lucette, Cyrene, Edmond, and Rhody.

Of these Solomon, Thomas Alexander, William Mary, John, Cyrene and Rhody remained in the county. The other six moved to other sections of the county.

At the reunion September 27, students will hold a big bonfire celebration tonight at 7:15 o'clock. At the end of the celebration, the students will give vent to their enthusiasm for the 1953 edition of the Blue Devils.

The cheer leaders in charge of the bonfire are Nancy Stubbs, Lynn Smith, Doris Rucker, Jane Richardson, Lynn Murphy, and Anne Freeman.

Millen will be given the 25 to 0 defeat the Blue Devils handed their last year.

S.H.S. Blue Devils to open 1953 football season here Friday night

Statesboro High Blue varsity ball. Buddy Pretorius, who saw limited service in 1952 will be at full.

All the Statesboro High School students will hold a big bonfire celebration tonight at 7:15 o'clock. At the end of the celebration, the students will give vent to their enthusiasm for the 1953 edition of the Blue Devils.

The cheer leaders in charge of the bonfire are Nancy Stubbs, Lynn Smith, Doris Rucker, Jane Richardson, Lynn Murphy, and Anne Freeman.

Gov. Talmadge proclaims Soil Conservation Week

Proclamation

WHEREAS: one of the basic elements of security and prosperity is the production and consumption of food, clothing, forest products, and other agricultural commodities, and

WHEREAS: Every citizen as a daily consumer of food, clothing, forest products and other agricultural commodities has a vital stake in the conservation of our basic heritage, the soil, as the only source of these products, and

WHEREAS: This can be accomplished only through cooperation of all of us, producers using best known practices for efficient production, processors practicing most efficient methods of processing, transportation and marketing, consumers being efficient in selection and utilization of the finished product.

THEREFORE: I, Herman E. Talmadge, Governor of Georgia, do hereby proclaim the week of September 13-20, 1953, as SOIL CONSERVATION WEEK, a period when all citizens should sincerely consider the true value of our soil, and its relationship to our living.

In Witness Whereof, I have hereunto set my hand and caused the Seal of the Executive Department to be affixed, the 30th day of July, 1953.

HERMAN E. TALMADGE

Governor

Bulloch County Fair to open October 12

With 15 communities in the county entering displays which show what is being done in the county and what could be done, the 1953 Bulloch County Fair to be held here October 12-17, will be the most outstanding fair ever held, according to H. E. Allen, president of the association.

Commenting on the proclamation for the week, Brown stated that Governor Talmadge is saying that "soil conservation is more than saving soil from erosion."

The Extension associate director, said "it includes land use, the use of products of the soil all the way from selection and preparation of the soil and the planting of seed to the consumption of the product."

He said that the housewife who permits good food to go to waste has not only lost money from the family's food budget but has wasted the strength of the soil and the effort to produce, process and market that food.

"Thus we see," Brown added, "that conservation farming and conservation living are closely related and include all phases of the farm and home program."

In addition to the community exhibits there will be commercial displays. The A. C. Stevens Show will be on the midway.

FOOTBALL GAMES TO BE BROADCAST

Ed Bass announced this week that Radio Station WWSN will broadcast all the University of Georgia football games and two of the Georgia Tech games. He also announced that the Statesboro Blue Devil games, both home games and games away from home.

The University of Georgia broadcast schedule is as follows: Sept. 19, Villanova, 7:25 p. m.; Sept. 26, Texas A. & M., 1:55 p. m.; Oct. 3, Texas A. & M., 8:55 p. m.; October 10, Maryland, 1:55 p. m.; Oct. 17, LSU, 1:55 p. m.; Oct. 24, North Carolina, 1:55 p. m.; Oct. 31, Alabama, 1:55 p. m.; Nov. 7, Florida, 2:25 p. m.; Nov. 14, Auburn, 1:55 p. m.; Nov. 21, Mississippi, 2:25 p. m.; and Nov. 28, Georgia Tech, 2:25 p. m.

On September 19 the Tech-Davidson game will be broadcast at 2:25 p. m.; and on October 3, the Tech-SMU game at 2:25 p. m.

All the descendants, relatives, and friends of the William Brannen and Elizabeth Gross Brannen are invited to attend the reunion.

Bulloch County Joins State In Soil Conservation week September 13-20

Community Center Recreation Roundup

PERMANENT PASTURES on farms of District Cooperatives in Bulloch county total over 8,000 acres. Proper drainage, as shown in above photo, land preparation, liming, fertilization, and seeding, will bring thousands of acres more into productive pastures. Farmers of this county are observing Soil Conservation Week this week.

Soil payments made available

By R. J. KELLY, P.M.A.

Eighty-two thousand dollars has been made available to Bulloch county farmers for establishing Soil Conservation Practices in 1953. This is Bulloch county's share of the money appropriated by Congress for Soil Conservation Payments.

This money will be used to help pay the cost of establishing the following Soil Conservation practices in Bulloch county:

1. \$30,500 for sodding and seeding permanent pasture.
2. \$1,500 for constructing terraces, pond dams and ditches.
3. \$21,500 for seeding summer and winter legumes.
4. \$12,000 for applying lime.
5. \$16,000 for applying mixed fertilizer to legume mixtures and permanent pastures.

Farmers who were approved for any of the above practices are urged to complete them before January 1, 1954.

Purchase orders are available for those farmers who desire to use them for the purpose of purchasing approved seeds, fertilizers and lime from approved vendors. Farmers who do not use purchase orders are requested to file paid bills with their request for approved soil conservation payments. Any funds not used by an individual farmer will revert back to a county fund and will be paid to those farmers that complete more soil conservation practices than they had approved.

Soil supervisor says 'Thank You'

By HENRY G. BLITCH

Ogeechee River Soil Conservation District

The fine spirit of cooperation shown by the people of Bulloch county in sponsoring the number of acres of each crop, the number of broods or brood cows that are to be included in the overall plan. This information is then given to a SCS technician in order that he may have a bird's eye view of the direction in which the borrower wishes to travel and the SCS plan is then developed with the borrower to accomplish the desired results.

In some cases the overall plan has to be revised due to land capabilities and in these cases substitute crops are planned in order to fully utilize the land to its maximum capacity. This approach has proven very successful with F.H.A. families and it has been proven that by following the SCS plan a development that not only has the fertility of the land improved, but the livestock as well has shown considerable improvement. This in turn has resulted in greater incomes, a more balanced acreage and a more abundant better living and better farming.

Ranger appeals to B.C. hunters

An appeal to Bulloch county hunters to help the Bulloch County Forestry Unit in its battle to prevent wildfires was issued this week by Ranger J. W. Roberts.

"The fall season," said Ranger Roberts, "is one of the most dangerous of the year in this area as far as forest fires are concerned. Our aim this year is to save our forests by preventing wildfires before they start; and hunters can help us greatly in realizing this aim."

He explained that a single cigarette, dropped in dry grass or on the underbrush of a dry "forest floor" can start a fire that will destroy hundreds of acres of valuable woodland. A single fire may make a large area worthless for hunting activities for hundreds of sportsmen.

Fast spreading flames trap birds and animals, destroy their cover, and burn their food supplies.

"Fire," said the forest ranger, "kills young trees too. These young trees are needed for tomorrow's timber harvests in Bulloch County."

He asked that all hunters observe the following safety rules while in or near the woods:

1. Crush out your smokes. When out of doors, stop to smoke in safe places only.
2. Break your match in two, and always let the burnt end down before throwing your match away.
3. Use your automobile as a tray. Drown your campfires.

FHA farmers and soil conserving

Bulloch county farmers who are receiving their financial assistance for their farming operations, through the Farmers Home Administration are reaping rewards for soil conservation practices that are put into

H. D. Council to meet Sept. 25

The Bulloch County Home Demonstration Council will meet on September 25, at 2:30 at the Methodist Church.

Service to Soil Conservation Farmers

L. E. Tyson of Standard Tractor and Equipment has announced an important service to owners of Ford tractors in Bulloch county. He has a side mounted large Disc Terracer for loan to farmers wishing to build or rebuild terraces on their farms.

The only condition Mr. Tyson puts on the use of this terracer is that the farmer must pick the plow up at his place and bring it back as soon as he has finished with it.

This should prove a big help in getting more land properly terraced and protected from erosion. In announcing the service Mr. Tyson said he wanted to help the farmers as much as he could. "We are here to help the farmers," he said, "and we want to take a part in getting our soil conservation on the land."

Community Center Recreation Roundup

SQUARE DANCE SEASON

The fall and winter square dance program will get underway at the Center this week when the Moonlight Hillbillies will be on hand for the dance this Thursday night and every Thursday night until next summer. Admission is one dollar per person and all proceeds from the dance are used to help finance the recreation program. Dance time is 8:30 to 12 p. m. and everyone is invited.

HAPPY GO LUCKY CLUB

All girls 11 and 12 years of age are invited to join the H. G. L. Club which will meet at the Recreation Center on Monday night of next week. This club is under the direction of Mrs. Fuller (Sue) Hunslett and will meet from 7:30 to 9 p. m. Dues are 10 cents per week and varied programs, dances, picnics, and instruction programs are planned.

NEW CLUB ORGANIZED

On Tuesday night of next week all boys and girls 13 to 14 years of age are invited to join the newly organized Tween Club which will meet at the Center on Tuesday night of each week from 8 to 10 p. m. A full program is planned for each Tuesday night and will include bingo, dances, hay rides, movies, picnics, winter roasts and instruction in square and folk dancing and various other projects.

BIRTHDAY PARTY

On Saturday morning of this week at the center all boys and girls having birthdays in September will have a chance to celebrate their birthday. A big birthday cake will be divided among those having birthdays. Movies and refreshments will make up the program.

GIRL SCOUT AND BROWNIE NEWS

The Girl Scout program gets started for the fall this week and the swimming pool building is being renovated so that both rooms may be used for the Girl Scout program which continues to grow each year. Mrs. Virgil Donaldson has been named to coordinate the Brownie program and will serve as one of the Girl Scout troop leaders. The dressing rooms are being renovated for the ladies at the pool and a new gas heater is being installed. Both rooms now will be heated by gas. The concession room will serve as the dressing room for the players in the midget football program. This means that the swimming pool building instead of being closed for nine months will be in full use the year round. All leadership in the Scout program is volunteer and the Girl Scout program is self supporting. Some 125-150 girls are expected to be enrolled in this program this year.

Buy now for TODAY'S BIG TRUCK BARGAIN!

Chevrolet Trucks!

MODEL COMPARISONS SHOW Chevrolet Advance-Design trucks outlast the next two makes combined! More Chevrolet trucks in use than any other make!

The lowest priced truck line of all! You get more truck... you pay less money! No other truck offers you all the advanced features, the ruggedness and economy you get in Chevrolet Advance-Design trucks. Yet they're America's lowest priced truck line!

You'll save on operation and upkeep! Chevrolet Advance-Design trucks are built to haul your loads for less! Two great

Chevrolet valve-in-head engines bring you gas-saving performance in both light- and heavy-duty models. And, you'll find that upkeep costs are lower, too.

A better trade-in, too! You're money ahead when you buy a Chevrolet truck... you're money ahead while you drive it—and you're ahead again when you trade it in! That's because Chevrolet Advance-Design trucks traditionally command a higher resale value.

Statesboro Is 'Shooting For The Moon' In 1953

THE BULLOCH HERALD

Dedicated To The Progress Of Statesboro And Bulloch County

VOLUME XIII—ESTABLISHED MARCH 26, 1937

STATESBORO, GEORGIA, THURSDAY, SEPTEMBER 24, 1953

NUMBER 45

Statesboro, Recognized As Leading Community In This Section Of Georgia, Seeking Champion Sweepstakes Title

By JOE RICKENBAKER
Constitution Staff Writer

HERE ARE two reasons Statesboro won First Prize in the Georgia Power Company's Better Home Town Contest last year and a serious contender for the Sweepstakes title this year. Shown here are: left, The Community Center at Memorial Park, and the Health Center on North College street.

Jaycees Sponsor Shoot The Moon Issue Of The Bulloch Herald

The Statesboro Junior Chamber of Commerce sponsored this special edition of the Bulloch Herald. "It's a 'shoot the moon' effort," said Lowell Akins, chairman of the committee which worked with the editor of the Herald in publishing the edition. "It's our way of telling Georgia that we believe in Our Home Town."

The Statesboro entry is sponsored by the Mayor and City Council.

Statesboro is "Shooting for the Moon" in the 1953 Georgia Power Company's Better Home Town Contest. Having won First Prize last year in its population classification 3,000 to 20,000, Statesboro is eligible only in the competition for the "Sweepstakes" prize this year.

The prize money at stake is \$1,000.

The contest covers the period from October 1, 1952 through September 30, 1953. The Better Home Town Contest Committee headed by Kermit R. Carr is now at work preparing the city's "Report of Progress" on which the entrants will be judged.

On the editorial page of this issue of the Herald, Kermit R. Carr, chairman of the committee, makes a statement in which he thanks all who have cooperated in this contest during the year.

C of C is looking for men with special skills

J. Morris, president of the Statesboro Chapter of the C of C, announced this week that the manufacturer in the electronics industry which is considering establishing a plant here, is surveying the area to locate skilled machine operators and plant men who are now working in the Statesboro area. He is looking for men who are now working in the Statesboro area. He is looking for men who are now working in the Statesboro area.

50-bushel crop of corn

A 50-bushel crop of corn requires 80 pounds of nitrogen, 22 pounds of phosphate, and 55 pounds of potash. This is equal to a plant food of 600 pounds of complete fertilizer and 8 tons of manure.

"Crooked farming" is on the level

If "crooked farming" is on the level—if the crooked rows are on the contour.

Temperature and rain for Bulloch county

The thermometer, reading in the week, Monday through Sunday, September 14, through Sunday, September 20, are as follows:

	High	Low
Monday, Sept. 14	67	57
Tuesday, Sept. 15	63	57
Wednesday, Sept. 16	66	64
Thursday, Sept. 17	65	63
Friday, Sept. 18	64	64
Saturday, Sept. 19	63	66
Sunday, Sept. 20	67	71

The rainfall for the same period was 2.59 inches.

TOURIST TRADE

Tourist trade ranks high as a cash industry at Statesboro, which is located on U. S. Highway 25, 301 and 80 and Georgia Highways 67, 119, 73, 46 and 26.

Many thousands of out-of-state cars pass through Statesboro monthly and take advantage of the excellent accommodations available. Four hotels offer 147 rooms to the traveling public, and 15 tourist courts have a total of 328 rooms. There are 18 eating establishments in Statesboro with 240 tables.

In addition to bringing tourists to Statesboro, the net-

It's poor business to spend money for time and fertilizer and then lose most of it by plowing and planting up and down hill.
